1400J H6 Direct Vent ZC
Concept

Mantel—See Mantel & Hearth Clearances

Framing—See Framing Requirements

1/2 inch thick non-combustible board or equivalent — NOT supplied—see page 29 for board specifications

Supplied as vertical outlet, field convertible to horizontal outlet.

Optional LDK Duct Kit outlets (4)

1400J heater

Remote Handset
Wall Holder

Surround with Barrier Screen (required)
Fixed Framing kit (1430FFK) installs at framing stage and allows non-combustible wall finish to finish up to it. All other surrounds overlap the surrounding non-combustible wall finish and are adjustable to accommodate material up to 3/4” thickness overtop of the base 1/2” non-combustible board. For material thickness greater than 3/4”, the heater requires repositioning further forward in the framing cavity—see installation manual.

Wall Finish
Any wall finishes applied over non-combustible board must be also non-combustible. Combustible mantels are ok provided they conform to chart in installation manual.

Combustible Floor
Non-combustible Hearth—See Hearth Requirements

1/2” Micore supplied with unit. Use as a thermal break between non-combustible hearth material and combustible material underneath.

Combustible Framing Allowed Beneath Fireplace. When the appliance is installed directly on carpeting, tile or other combustible material other than wood flooring, the appliance shall be installed on a metal or wood panel extending the full width and recessed depth of the appliance.
