G3 CLASSIC

DIRECT VENT INSERT

In true Valor fashion, the Legend G3 Classic boasts impressive radiant warmth and a powerful Secondary Heat Exchanger. An industry leader in flame output and advanced controls, the Legend G3 Classic maximizes energy efficiency and home comfort.

The Valor non-thermostatic remote makes heating your home convenient, reliable and easy. Adjusts the flame levels, and turn the fire on and off with Valor's touch button handset.

No Power, No Problem—a fully functional heater, the G3 Classic does not require electricity, providing the perfect mixture of radiant and convective warmth when you need it.

Every Legend G3 Classic includes

- Realistic ceramic logs
- Valor non-thermostatic remote
- Matte Black front
- Valor radiant warmth
- Painted black interior
- Valor Pilot on Demand via remote

Once you've chosen from 15 available trims, your design is complete and ready for installation. For all the Legend G3 Classic trims and accessories, visit valorfireplaces.com/g3classic

	739-72JLN	NG	26,000	6,500	17,490	65.4%
	739-72JLP	LPG	24,000	13,000	16,171	62.4%

* EnerGuide Ratings and Outputs have been determined without a fan/blower, using the CSA P.4.1-15 test method
 Certified to ANSI Z21.88/CSA 2.33 Vented Gas Fireplace Heater American National Standard CGA - 2.17-91 Gas Fired Appliances for use at High Altitudes

FIREPLACE SAFETY — USE RADIANT HEAT SAFELY

Fireplace surfaces, in particular the glass viewing window, are extremely hot during operation and will remain hot for a period of time after the fireplace is turned off. Contact with the hot glass can cause severe burns. Close adult supervision is required if there are young children, or at-risk individuals in the house. Included with your purchase, a Valor barrier screen is recommended at all times. Install an approved aftermarket safety gate to keep toddlers, young children and at-risk individuals a safe distance from the fireplace. To learn more, please visit valorfireplaces.com/safety.
